

From the Desk of Director General

After assuming the charge of Director General, CPWD, I took a meeting with the officers of Department on 4.10.2014 to discuss issues related to decentralization, transparency, autonomy and increasing efficiency in the Department. The minutes of the meeting have been issued and uploaded on CPWD website on 8.10.2014.

In order to materialize various proposals indicated in the above minutes of the meeting, the committees have been constituted and they are working on the respective assigned domains. I would encourage and request each and everyone in CPWD including various Service Associations to proactively participate in the reform process and sent their valued inputs / suggestions to the DDG(W) / Director (S&D) at the earliest for consideration by the committees.

(Divakar Garg)

Director General, CPWD
