

My dear colleagues

1. At the outset, on assuming the responsibility of Director General CPWD, I convey my heartiest thanks and best wishes to all of you. As you are aware that my term as Director General, CPWD shall be of very short duration, during this period it shall be my endeavor to carry forward the ongoing projects, schemes and policies with full pace and to also take-up new initiatives for the growth of the Department.
2. Our Department has the distinction of serving the nation for over 158 years. As we look back on this long journey of excellence, our hearts fill with pride. With a growing and very diverse list of organizations that we help in creating assets, a growing workload and an order book of nearly Rs. 22000 crores, CPWD can proudly lay claim to being an organization of excellence. Today CPWD is a total Service Provider, capable of giving single window service for all facets of built environment with complete accountability and responsibility.
3. For this fiscal, we have set an ambitious workload target of 10000 crores. I am happy to inform that we are progressing satisfactorily and with the active participation, hard work and dedication of our Engineers and Architects, we shall be able to achieve the targeted workload.
4. It also gives me a great pleasure to inform that cadre reviews of Technical Posts and other cadres of CPWD have been implemented. These cadre reviews shall certainly improve the functioning of the Department and provide better career prospects for the officers and

staff. The restructuring of the Department has been done with unified command at zonal level, creation of Project Teams with emphasis on economy, quality and time bound delivery.

5. With all round growth comes added pressure to maintain the growth rate and creating quality infrastructure. This lays added responsibilities on all the members of CPWD family. The Engineers and Architects of CPWD have always risen to challenges and I am confident that they will continue in their efforts to ensure quality and prompt delivery.
6. Let us resolve to work in cohesive and responsive way so as to see a re-emerging CPWD with its benchmarked operations and organized human resource offering best of services to the stakeholders.
7. In the end I would again like to convey my best wishes to entire CPWD fraternity and exhort them to strive even harder in the their endeavors.

Rakesh Misra
